Northfield's Need

The Stewards of God's bounty have been very thoughtful of the Northfield Schools, generous donors having during the past ten years added to the equipment at Northfield and Mount Hermon the following greatly needed buildings.

At Northfield Seminary

Heating and Lighting Plant
Home Science Hall
Russell Sage Chapel
Margaret Olivia Music Hall
Gould Hall
Kenarden Hall

At Mount Hermon Boys' School

Heating and Lighting Plant
Holbrook Hall
West Hall
James Memorial Gymnasium
Crossley Hall
Principal's Residence
Schauffler Library

The Faculty, the Trustees and all friends of the institutions must rejoice in this practical endorsement of the work of the schools. Such large gifts as were required for these buildings are not given except after most painstaking study of the present endeavors and the future prospects of this extended effort. The evident conclusion is that the work is **making good today** and has **greater promise for coming generations.**
